ON THE COVER.

DUBLIN, WINTER LANDSCAPE, painting by Alexander James, 1921.

The scene is not the Community Church, as one might suppose at first glance, but the 1877 Trinitarian Congregational Church in the lower village. To the right is the Doyles' place, once Willard Pierce's, and in the distance the Eaves house which had just been built the year before James painted the picture. By 1950 only four members of the Trinitarian Society remained, and the church having fallen into dispair, it was acquired by the Dublin Women's Club and renovated as a clubhouse. In 1978 it was deeded to the Town, and since then has been Dublin's Post Office. The steeple was blown to the ground during a winter storm in December 1949 and never replaced.

Alexander James (1890-1946), son of the philosopher and psychologist William James, came to make his home in Dublin about 1918 and remained here the rest of his life. He painted this landscape from behind "French's Tavern" (the present Bullard house), where he had a studio at that time, before moving it across the road in the early twenties near his own house. A friend described James as "the patientest Impatient Man, the most social Recluse, the most respectful Iconoclast." An outstanding figure in the Dublin artists' colony, he earned a reputation as one of the most distinguished American painters of his generation.

--William L. Bauhan

**ABSTRACT OF THE ANNUAL TOWN MEETING - 1985
TOWN OF DUBLIN, N.H. 03444**

Town Meeting was held in two sessions this year, March 12, 1985 for election of officers, March 16, 1985, for the decision of Warrant Articles and Budget.

March 12, 1985, Town Hall, Dublin, N.H. Polls opened at 10:00 A.M., closed at 6:00 P.M. C. Robertson Trowbridge, Moderator, presiding. Results were as follows:

ARTICLE 1: Officers Elected: Town Treasurer for one year: Mary E. Krogman, Supervisor of the Checklist for one year: Edward F. Whitney, Highway Agent for one year: Clarence Babneau, Member Budget Committee for two years: Julien D. McKee, Member Budget Committee for three years (Write In) Stephen Knapp, Library Trustee for three years: Nellie A. Crossley, Town Clerk/Tax Collector for three years: Anita J. Crowell, Selectman for three years: John J. McKenna, two members of the Planning Board for three years: Joseph F. Wakeman and Daniel J. Walsh, Trustee of Trust Funds for three years: Thomas C. LaFortune, Cemetery Committee for three years: Glen H. Scribner, Water Commissioner for three years: Brian M. Barden, Recreation Committee for three years (two): Judith A. Knapp, Gary Steinbach., Moderator Contoocook Valley School District for one year: Harvey A. Chandler.

ARTICLE 2: Proposed Amendments to Zoning Ordinance and Land Use Regulations:

1. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Article I, and other articles to conform to new chapter 672 through 677 in compliance with Title LXIV Laws of 1983 and make other administrative changes as necessary? 112 YES to 44 NO.

2. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Article VII, B, Nonconforming Uses: To clarify the expansion of a non-conforming use by including structures and specifying changes from original foundation plans? 113 YES to 46 NO.

3. Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Article VIII, Table of Use: By adding Bed and Breakfast as a special exception (SE) in the village and rural districts; changing Office Uses such as banks, post offices, etc. to special exceptions (SE) in the village and rural districts; change Other Principal Uses, specifically home occupations, to special exceptions (SE) in the village and rural districts; and to clarify section M, 2 concerning Main Use of land not involving structures? 104 YES to 56 NO.

4. Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Article X, Board of Adjustment, which adds a revised paragraph 7. Home Occupation and deletes the former Article III, M? 101 YES to 49 NO.

ARTICLE 3: Officers chosen by voice vote: Measurer of Wood & Bark: Brian Barden, Memorial Day Committee: Brian Barden, Daniel J. Walsh, Robert O. Blanchette.

ARTICLE 4: Moved the Reports of Agents, Auditors, Committees, be accepted as printed. Carried.

ARTICLE 5: Moved that the Town vote to accept the following Cemetery Lot Perpetual Care Trust Funds:

Walter Bennett	\$ 100.00
T.H. Cabot	\$ 200.00
Charles Cook	\$ 100.00
Hope McLellan Estate	\$ 200.00
John Summers	\$ 100.00
Clinton B. Yeomans	\$ 200.00

Carried.

ARTICLE 6: Moved that the Town will vote to authorize the withdrawal of \$ 5,700.00 (Five Thousand Seven Hundred Dollars) plus any accrued interest from the Landfill Conversion Capital Reserve Fund, to complete the Landfill closure effort or take any other action related thereto. (Recommended by the Budget Committee.) Carried Unanimously.

ARTICLE 7: Moved that the Town vote to raise and appropriate the sum of \$ 2,000.00 (Two Thousand Dollars) to meet state requirements for a deep ground water monitoring well at the Landfill or take any other action related thereto. (Recommended by the Budget Committee.) Carried Unanimously.

ARTICLE 8: Moved that the Town vote to raise and appropriate the sum of \$ 8,728.00 (Eight Thousand Seven Hundred Twenty-Eight Dollars) to shingle the roof of the Town Hall Building. (Recommended by the Budget Committee.) Carried Unanimously.

ARTICLE 9: Moved that the Town vote to raise and appropriate the sum of \$11,070.00 (Eleven Thousand Seventy Dollars) for the purchase of a new Police Cruiser of which \$ 4,695.00 (Four Thousand Six Hundred Ninety-Five Dollars) would be withdrawn from the Revenue Sharing Account and the remaining \$ 6,375.00 (Six Thousand Three Hundred Seventy-Five Dollars) would be withdrawn from the Capital Reserve Cruiser Account. (Recommended by the Budget Committee.) Carried Unanimously.

ARTICLE 10: Moved that the Town vote to authorize the withdrawal from the Federal Revenue Sharing Fund for the use as an offset against Budget appropriations for the following specific purposes and in the amounts indicated herein:

Jaffrey Landfill Fee	\$ 11,500.00
Police Cruiser	\$ 4,695.00

(Recommended by the Budget Committee.) Carried Unanimously.

ARTICLE 11: Moved that the Town vote to authorize the Selectmen to appoint a 3 member committee to evaluate the advisability of Dublin's joining a 53-B Solid Waste Management District or take any other action relating thereto.

ARTICLE 12: Lucille A. McDonald was acting Moderator for this article. Moved that the Town vote to raise and appropriate the sum of \$1,000.00 (One Thousand Dollars) for the purchase of hardware, software and supplies to outfit the computer belonging to the Dublin Public Library. (Not recommended by the Budget Committee.) Amended by the Budget Committee to read as follows: To see if the Town will vote to raise and appropriate the sum of \$350.00 (Three Hundred and Fifty Dollars) for the purchase of hardware, software and supplies to outfit the computer belonging to the Dublin Public Library or take any other action relating thereto. Amendment failed 16 YES to 72 NO. Original Motion Carried.

ARTICLE 13: Moved that the Town vote to raise and appropriate the sum of \$14,374.00 (Fourteen Thousand Three Hundred Seventy-Four Dollars) for the purpose of converting the present street lights to high pressure sodium. (Recommended by the Budget Committee.) Amended by Edward F. Whitney to read as follows: Moved that the Selectmen arrange with Public Service for the installation of one sample sodium street light of the type Public Service proposes to use in replacing present street lights, at a convenient location and prior to next Town Meeting. that the Selectmen prepare a map showing just where the new lights would be installed, and that the Selectmen include an article covering Street Lights in the Warrant for next Town Meeting. Motion as Amended Carried Unanimously.

ARTICLE 14: This Article was passed over for this year.

ARTICLE 15: Moved that the Town vote to authorize the withdrawal of \$4,200.00 (Four Thousand Two Hundred Dollars) from the Capital Reserve Fund plus interest for completion of the Cemetery Expansion. (Recommended by the Budget Committee.) Carried 87 YES to 1 NO.

ARTICLE 16: Moved that the Town vote to raise and appropriate the sum of \$7,800.00 (Seven Thousand Eight Hundred Dollars) to repair the compartments and other necessary rust repairs to the 8 M 3 Fire Truck. (Recommended by the Budget Committee.) Carried

ARTICLE 17: Moved that the Town vote to raise and appropriate the sum of \$61,515.00 (Sixty-One Thousand Five Hundred Fifteen Dollars) for the new addition to the Fire Station. (Not recommended by the Budget Committee.) Carried 84 YES to 15 NO.

ARTICLE 18: Moved that the Town accept the Budget submitted by the Budget Committee together with any changes which have already been approved and raise and appropriate the sum of \$584,758.00 (Five Hundred Eighty-Four Thousand Seven Hundred Fifty-Eight Dollars) which represents the total appropriations approved by this Town Meeting. Carried.

ARTICLE 19: Moved that the Town vote to authorize the Selectmen to administer and dispose of any Real Estate acquired by Tax Deed. Carried.

ARTICLE 20: Moved that the Town vote to authorize the Selectmen to borrow money in anticipation of taxes. Carried.

ARTICLE 21: Moved that the Town authorize the Tax Collector to accept pre-payment of property taxes. Carried.

ARTICLE 22: Moved that the Town vote to accept Legacies and Gifts to the Town in trust or otherwise by any individual or individuals. Carried.

ARTICLE 23: Moved that the Town vote to authorize the Selectmen to apply for, to accept and expend on behalf of the Town or any Department thereof, any and all grants or other funds for Municipal purposes which may now or hereafter be forthcoming, over and above the total appropriation voted by the Town in accordance with RSA 31:95b. Carried.

MEETING ADJOURNED AT 12:50 P.M.

RESPECTFULLY SUBMITTED,

**ANITA J. CROWELL, C.M.C.
TOWN CLERK/TAX COLLECTOR**

AJC/jvh

TOWN OF DUBLIN
DUBLIN, NEW HAMPSHIRE 03444

THE STATE OF NEW HAMPSHIRE
TOWN WARRANT

To the inhabitants and voters of the Town of Dublin qualified to vote in Town Affairs: You are hereby notified that the polls will be opened at the Town Hall Lower Meeting Room from 10:00 A.M. to 6:00 P.M. on Tuesday, March 11, 1986 "to ballot for Town Officers (Article I) and other questions required by law to be decided by ballot (Article II)".

Persuant to the authority of RSA 39-2a and the vote of the Town on March 13, 1979, all business, other than ballot questions, will be recessed until March 15, 1986 at 10:00 A.M. at the Dublin Consolidated School to act upon the following: (Except Article I and Article II)

ARTICLE I

"To bring in ballots for the following officers:"

ONE YEAR TERM

Town Treasurer, Highway Agent, Moderator Conval School District

TWO YEAR TERM

Town Moderator, (1) One Member of the Budget Committee

THREE YEAR TERM

Selectman, Trustee of Trust Funds, Water Commissioner, Library Trustee, Cemetery Committee, (2) Members Budget Committee, Recreation Committee, (2) Members Planning Board, Member Conval School District

SIX YEAR TERM

Supervisor of the Checklist

ARTICLE 2

"Shall the Town accept the provisions of RSA 53-B:1 to 11 inclusive providing for the establishment of a regional refuse disposal district together with the towns of Chesterfield, Harrisville, Marlborough, Nelson, Roxbury, Surry, Swanzey, Troy and Westmoreland and the city of Keene, and the construction maintenance, and operation of a regional refuse disposal facility by said district in accordance with the provisions of a proposed agreement filed with the Selectmen". (By Ballot) (Recommended by the Budget Committee)

ARTICLE 3

"To choose all necessary Town Officers".

ARTICLE 4

"To hear the reports of Agents, Auditors, Committees, heretofore chosen and to pass any vote relating thereto".

ARTICLE 5

"To see if the Town will vote to accept certain Trust Funds as follows:

Betsey Bernier Lot \$200.00
Paul & Nancy Lehmann Lot \$200.00
Betty Nazelrod Lot \$400.00
Pellerin & McDonald Lot \$400.00
Alice & Gertrude & Harry Rowe Lots \$300.00

ARTICLE 6

"To see if the Town will vote to change the position of Road Agent from an elected office for a 1 (One) Year period to an appointed position by the Selectmen, to become effective March 11,1987 or take any other action relating thereto."

ARTICLE 7

"To see if the Town will vote to raise and appropriate the sum of \$16,204.00 (Sixteen Thousand Two Hundred Four Dollars) for the purchase of a one ton truck with plow of which \$13,739.00 (Thirteen Thousand Seven Hundred Thirty Nine Dollars) to be withdrawn from the Revenue Sharing account and the remaining \$2,465.00 (Two Thousand Four Hundred Sixty Five Dollars) to be raised by taxation or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 8

"To see if the Town will vote to raise and appropriate the sum of \$9,591.00 (Nine Thousand Five Hundred Ninety One Dollars) for the purpose of upgrading the street lights or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 9

"To see if the Town will vote to authorize the Selectmen to appoint members of the recreation commission commencing with the first vacancy after March 11, 1986 or take any other action relating thereto."

ARTICLE 10

"To see if the Town will vote to adopt the following bylaw: The owner of any building located within the Town of Dublin shall be responsible for any fire alarm relating to such owner's building, given or sent to the Dublin Fire Department, whether or not such owner has given or sent or authorized the giving or sending of the alarm. There shall be imposed on the said owner an administrative fee of \$100.00 (One Hundred Dollars) for each false fire alarm relating to each such building in excess of three false fire alarms given or sent in any one calendar year, payable to the Fire Chief for the Town of Dublin to be used for fire prevention purposes. The term 'false fire alarm' means an alarm negligently given or sent and an alarm resulting from mechanical defect or malfunction, where no actual fire exists or take any other action relating thereto."

ARTICLE 11

"To see if the Town will vote to increase the salary of Fire Chief by \$2,000.00 (Two Thousand Dollars) and the 2 (Two) Deputies salaries by \$100.00 (One Hundred Dollars) each or take any other action relating thereto." (Not recommended by the Budget Committee)

ARTICLE 12

"To see if the Town will vote to raise and appropriate the sum of \$13,150.00 (Thirteen Thousand One Hundred Fifty Dollars) for the salary of 3rd. Full Time Police Officer or take any other action relating thereto." (Not recommended by the Budget Committee)

ARTICLE 13

"To see if the Town will vote to raise and appropriate the sum of \$1701.00 (One Thousand Seven Hundred One Dollars) to fullfill the terms and conditions required by the Ashuelot Valley Refuse Disposal District for new members entering the District or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 14

"To see if the Town will vote to authorize the Selectmen to borrow at terms deemed to be in the best interest of the Town a sum not to exceed \$27,500.00 (Twenty Seven Thousand Five Hundred Dollars) for the new addition to the Fire Station or take any other action relating thereto." (\$25,850.00 recommended by the Budget Committee) (\$1,650.00 not recommended by the Budget Committee)

ARTICLE 15

"To see if the Town will vote to raise and to appropriate the sum of \$48,000.00 (Forty Eight Thousand Dollars) to be placed in the Capital Reserve, to be allocated against Capital Reserve Accounts as follows:

CAPITAL RESERVE ACCOUNT	AMOUNT
Highway Equipment	\$ 14,000.00
Fire Equipment	\$ 22,000.00
Police Cruiser	\$ 6,000.00
Cemetery Enlargement	\$ 6,000.00

or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 16

"To see if the Town will vote to renovate and improve the present post office building and grounds and improve proposed common driveways and parking facilities on adjoining land to the east (provided that the Town shall first secure an easement for such driveways and parking facilities deemed by the Selectmen to be in the best interest of the Town), and to authorize the Selectmen (a) to borrow a sum not to exceed \$95,000.00 (Ninety Five Thousand Dollars) at terms deemed by the Selectmen to be in the best interest to the Town to be used for such renovations and improvements, and (b) to execute a lease of all or parts of said building, grounds, driveways and facilities with the United States Postal Service on terms and conditions deemed by the Selectmen in the best interest of the Town; or to take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 17

"To see if the Town will vote to authorize the Selectmen to close out the Real Estate Revaluation Capital Reserve Fund, principal & interest as of date of transfer, to be transferred to the active Capital Reserve Fund - Fire Equipment, or take any other action relating thereto."

ARTICLE 18

"To see if the Town will vote to authorize the Selectmen to close out the Sidewalk Capital Reserve Fund, principal & interest as of date of transfer, to be transferred to the Capital Reserve Account - Fire Equipment, or take any other action relating thereto."

ARTICLE 19

"To see if the Town will accept the Budget submitted by the Budget Committee and to see what sum the Town will vote to raise and appropriate in relation thereto, or take any other action relating thereto." (Recommended by the Budget Committee)

ARTICLE 20

"To see if the Town will vote to oppose the burial, storage, transportation and production of high level radioactive waste in the Town of Dublin and State of New Hampshire; and to call upon Congress to conduct an independent investigation with full public participation into the feasibility and prudence of the U.S. Department of Energy's (DOE's) present plan to dispose of radioactive waste and into the DOE's competence to carry out such a plan. (By Petition)

ARTICLE 21

"To see if the Town will vote to discontinue that portion of Parker Hill Road so called from its junction at 101 South to the Old Marlborough Road, in accordance with RSA 231:43 or take any other action relating thereto."

ARTICLE 22

"To see if the Town will authorize the Tax Collector to accept prepayment of taxes or take any other action relating thereto."

ARTICLE 23

"To see if the Town will authorize the Selectmen to administer and dispose of any Real Estate acquired by Tax Deed, or take any other action relating thereto."

ARTICLE 24

"To see if the Town will vote to accept Legacies and Gifts to the Town in trust or otherwise by any individual or individuals, or take any other action relating thereto."

ARTICLE 25

"To see if the Town will vote to authorize the Selectmen to apply for, to accept and expend in behalf of the Town or any Department thereof, in accordance with RSA 31:95b any and all money from the State, Federal or other governmental unit or any private source which may now or hereafter be forthcoming, over and above the total appropriation voted by the Town or take any other action relating thereto."

ARTICLE 26

"To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes or take any other action relating thereto."

Given under our hands this 10th, day of February 1986.

Robert W. Krogman, Chairman
Theresa A. Hastings
John J. McKenna

To the Members of
the Board of Selectmen
Town of Dublin
Dublin, New Hampshire

We have examined the combined financial statements and the combining fund and account group financial statements of the Town of Dublin, New Hampshire as of and for the year ended December 31, 1985, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining fund and account group financial statements referred to above present fairly the financial position of the Town of Dublin, New Hampshire at December 31, 1985, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Dublin, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined and combining fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

January 24, 1986

Carri - Plodzik - Sanderson

TOWN OF DUBLIN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1985

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of these financial statements.

A. Fund Accounting

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town.

GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Included in this fund type are Federal Revenue Sharing, Conservation Commission and Special Police Donations funds.

FIDUCIARY FUNDS

Trust Funds - Trust Funds are used to account for the assets held in trust by the Town for others.

B. Account Groups (Fixed Assets and Long-Term Liabilities)

All governmental funds and expendable trust funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other uses)

TOWN OF DUBLIN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1985

in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by other municipal entities in the State, the Town does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group. This account group is not a fund. It is concerned only with the measurement of financial position and not results of operations. Since they do not affect net current assets, such long-term liabilities are not recognized as governmental fund type liabilities. They are instead reported as liabilities in the General Long-Term Debt Account Group.

C. Basis of Accounting

The accounts of the General, Special Revenue, and Expendable Trust Funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, sources of financial resources and assets are recognized when measurable and available to finance operations during the year. Uses of financial resources and liabilities are recognized when obligations are incurred from receipt of goods and services, when assessments are made by the State or in the case of judgments and claims against the Town, when there is a probability that such judgments and claims will result in liabilities, the amounts of which can be reasonably estimated. Exceptions to this general rule include: 1) accumulated unpaid vacation and sick pay, and 2) principal and interest on general long-term debt which is recognized when due. All Nonexpendable Trust Funds are accounted for using the accrual basis of accounting.

TOWN OF DUBLIN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1985

D. Budgetary Accounting

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. However, contrary to generally accepted accounting principles, it has not been the practice of the Town to adopt an annual budget for all Special Revenue funds. The Town budget represents departmental appropriations as authorized by annual or special town meetings. The Selectmen may transfer funds between operating categories as they deem necessary. State Statutes require balanced budgets but provide for the use of beginning fund balance to achieve that end. In 1985, the beginning fund balance was applied as follows:

Unreserved Fund Balance To Reduce Tax Rate	\$40,000
Beginning Fund Balance Reserved For Encumbrances	<u>29,513</u>
Total Use of Beginning Fund Balance	<u>\$69,513</u>

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures; and are therefore reported as part of the fund balance at December 31 and are carried forward to supplement appropriations of the subsequent year. The reserve for encumbrances at December 31 consists of the following:

<u>General Fund</u>	
Cemetery Enlargement	\$ 4,200
Computer - Library	171
Library Entrance	5,000
Fire Truck Repairs	954
New Fire Station Addition	<u>55,352</u>
<u>Total</u>	<u>\$65,677</u>

F. Investments

Investments in all instances are stated at cost, or in the case of donated investments, at market value at the time of bequest or receipt.

TOWN OF DUBLIN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1985

G. Inventories

Inventory in the General and Special Revenue Funds consists of expendable supplies held for consumption. The cost thereof has been recorded as an expenditure at the time individual inventory items were purchased.

H. Accumulated Unpaid Vacation and Sick Pay

Accumulated unpaid vacation and sick pay is not accrued in the governmental funds using the modified accrual basis of accounting. Employees may accumulate ninety days sick leave at a rate of 1-1/4 days per month.

Vacation is granted in varying amounts based on length of service. Vacation pay accumulation does not exceed a normal year's allowance.

I. Taxes Collected For Others

The property taxes collected by the Town include taxes levied for the Contoocook Valley School District and Cheshire County which are remitted to these governmental units as required by law. The ultimate responsibility for the collection of taxes rests with the Town. The payments are recorded in the general fund as intergovernmental transfers.

J. Property Taxes

The National Council on Governmental Accounting, Interpretation 3, referring to property tax revenue recognition, requires disclosure if property taxes receivable, which are to be collected beyond a period of 60 days subsequent to December 31, 1985, are recognized on the balance sheet and not reserved. In accordance with the practice followed by other municipal entities in the State of New Hampshire, the Town of Dublin annually recognizes, without reserve, all tax receivables at the end of the fiscal year. The Town feels this practice of accrual is justified, as it more appropriately matches the liability to the school district entity at December 31, with collections which are intended to finance these payments through June 30 of the ensuing year.

Annually, the Town establishes and raises through taxation an amount for abatements and refunds of property and resident taxes, known as overlay. All abatements and refunds are charged to this account. The amount raised in 1985 was \$54,435, and expenditures amounted to \$72,552.

TOWN OF DUBLIN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1985

As prescribed by law, the Tax Collector sells at tax sale all uncollected property taxes in the following year after taxes are due. The purchaser at tax sale has a priority tax lien on these properties and accrues interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes and related costs due. If property is not redeemed within the two year redemption period, the property is tax-deeded to the lien holder.

K. Interfund Transactions

During the course of normal operations, the Town has numerous transactions between funds, including expenditures and transfers of resources to provide services and fund capital outlay. The accompanying governmental and fiduciary fund financial statements reflect such transactions as transfers.

L. Interfund Receivable and Payable Balances

Individual fund interfund receivable and payable balances at December 31, 1985, were as follows:

<u>Fund</u>	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
General Fund	\$14,694	\$ 1,300
<u>Special Revenue Fund</u>		
Revenue Sharing Fund		3,191
<u>Fiduciary Fund</u>		
Trust Funds	<u>1,300</u>	<u>11,503</u>
<u>Totals</u>	<u>\$15,994</u>	<u>\$15,994</u>

M. Intergovernmental Receivables

The intergovernmental receivables at December 31, 1985 consist of the following:

<u>Special Revenue Fund</u>	
Federal Revenue Sharing	\$2,933

A WORD FROM THE SELECTMEN

Aside from the usual hum-drum of official duties of signing checks, forms, and permits, it was a notable year as these few masterpieces fall behind us.

With thanks to Jim Sovik and Ned Whitney, the alterations to the landfill and the "Lake to Town Sidewalk" were quietly and very nicely completed.

The Highway Department completed over 800 feet of the Charcoal Road which hopefully begins a long line of much needed renovations to Dublin's road system.

And we, at the Town Hall sported new signs, new pictures, new curtains, as well as a new roof.

As most of you know, a new Post Office location is proposed by our Post Office Committee. The new plan will hereafter allow us to enter the Women's Club Building by the back door instead of the front door for a small cost of ninety-five thousand dollars.

And for those of you who take an interest in Dublin's growth, we signed more than fifty building permits since last Town Meeting which substantiates that the Planning Board's efforts for an updated Master Plan will not come any too soon.

The Society for the Protection of New Hampshire Forests took a special interest in Dublin this year as we became the first town in New Hampshire to boast a Conservation Easement problem. And our old standby, the 101 Bypass continued to plague us with several more hearings, some to the dismay of many as we keep drawing closer to good ole "pick and shovel day".

Property re-appraisals caused some hectic moments as usual and the new Beech Hill Hospital addition took it's toll on our nerves, along with the proposed tax sale property on Gold Mine Road.

At this time the Selectmen would also like to express their sincere appreciation to those Dublin citizens who have served so well and conscientiously on all of the many committees.

With gratitude,

Robert Krogman, Chairman
Terri Hastings
John McKenna

REPORT OF THE BUDGET COMMITTEE

Dublin taxpayers were dismayed and bewildered by the sharp (28%) increase in the 1985 tax rate. The Budget Committee and the Selectmen want them to have an explanation and are using this opportunity to provide it.

An important reason for the extraordinary increase is that we paid too little in 1984. This was because the tax rate and tax bills were computed on the basis that the total value of taxable properties in Dublin was \$57,000,000. This figure was provided by the State appraisers and was \$3,000,000, too high because it included several large tax exempt properties which the appraisers assumed were taxable. The Town mailed the second bills for 1984 unaware of the mistake. (It should be remembered that the Town was in a hurry to mail the bills. Normally the second bills are mailed in October and payable December 15th. By January 1985, these bills were very late). The important point, however, is that if the computations had been done using \$54,000,000, the correct value of taxable properties, instead of \$57,000,000, individual bills for 1984 would have been considerably higher and the step-up increase in 1985 that much less.

Other reasons for the 1985 increase are:

1. School and County taxes went up.
2. A number of taxpayers went to the appraisers to protest values placed on their property in the reappraisal and won abatements.
3. Eighteen taxpayers put property in a current use category after the reappraisal.

The Budget Committee began its work on the 1986 Budget last October and had met with all Department Heads by early December. It will meet several times in January to finalize the budget before presenting it to the Town at the Public Hearing that must be held before Town Meeting.

The Committee welcomes this opportunity to thank Terry Hastings, Selectmen's representative to the Committee, for her time and support and to thank the Department Heads and the Selectmen and Valerie Holden, the Selectmen's Assistant, for their cooperation.

Respectfully submitted,

Julien McKee, Chairman
Kenneth Brighton
Nancy Campbell
Steve Knapp
Roy Johnson
Jeanette Uhlig

REPORT OF THE BOARD OF ADJUSTMENT

According to State Law, the Board of Adjustment "may in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinance with general or specific rules therein contained." (RSA 31:66) "Ordinance" in preceding sentence refers to the Zoning Ordinance adopted by the Town.

In 1985, the Board of Adjustment acted on the following:

Approved a petition for Robert Begley for a special exception for enlargement, extension or alteration of a non-conforming use for an electrical contractor subject to the positive recommendation of the Dublin Planning Board.

Approved a petition for Kenneth A. Delnero for a variance allowing for a frontage of 253 feet for the construction of a two car garage for automotive maintenance and a special exception for this operation subject to the positive recommendation of the Dublin Planning Board and the positive recommendation of the Dublin Conservation Commission.

Approved a petition for the Dublin Fire Company for a variance to expand the existing fire station to up to 12 feet on the East boundary and 16 feet on the North boundary.

Approved a petition for Albert and Aline Coutu, operating Honey Lane Farm for a special exception to expand the use previously granted to build a replacement dormitory 40 feet by 60 feet per plan subject to the restrictions in special exceptions granted January 1984 and subject to approval of the Planning Board.

Denied a petition for Robert and Eve Sharkey on behalf of Daniel Thibeault for variance from the setback requirements of 150 feet from the center line of the State Road, and a special exception for a restaurant in the existing building.

Approved a petition for Springwell Enterprises on behalf of John E. Neidozetko, Abigail Waldron, and J. Andras Lazar for a special exception for a timber framing shop and a single apartment.

Denied a petition for Allan E. Van Hoogen for a special exception to establish a retail aluminum and glass repair and fabrication shop on his property on 101. Shop to be an accessory building to the existing residence.

Approved a petition for Beech Hill Hospital, Inc. for a special exception to build a new hospital building in the rural district - granted with stipulations of remedying water and pollution problems subject to approval of site plan review and to be constructed one story with expansion otherwise only granted in a new hearing.

Approved a petition for John R. Niemela for a special exception for the removal of gravel for sale on his property located on Korpi Road subject to prevention of erosion and protection of silting of the brook.

Denied a petition for Springwell Enterprises on behalf of John Neidozetko, Abigail Waldron, and Andras Lazar for a variance to construct a timber framing business.

A petition submitted by Attorney Perkins Bass for the Hiers of Lauri Rajaniemi on behalf of Franz P. Haase, President of Sprink-Fab, Inc. to relocate his business currently located in Peterborough for a pipe cutting and threading operation to property located on Route 137 was withdrawn by Mr. Haase for a special exception.

Approved a petition for Clarence and Doris Babneau on behalf of Ralph and Doris Bunk for a special exception to allow for a home occupation to operate a bake shop in their home on Bonds Corner Road subject to current requirements.

Denied a petition for Eugenia K. Latchis, Eugenie Latchis Silverthorne, and Joan Latchis Amory for a variance from frontage and depth requirements so as to divide Lot 7-A, Tax Map 14, (which is 132 feet along the road, Route 101) into two lots-one 50 feet and one 82 feet along the road (Route 101).

Approved a petition for Mary Loftis on behalf of Paul E. Tuller for a special exception to conduct a woodworking business in the barn located on their property on Pierce Road.

Approved a petition for Dexter M. and Louisa J. Bullard on behalf of Mr. and Mrs. James Patrick Egan thru their Attorney, John P. Arnold for a special exception to operate a bed and breakfast with four (4) guest rooms for rent. The water supply and septic system must be improved or replaced as required by Town and State regulations. Recommend that adequate parking be provided in the rear of building with appropriate visual screening on the East side.

Respectfully submitted,

Thomas P. Wright, Chairman
Members of the Board
Elsie N. Belloli, Secretary
William A. Barker
Paul F. Biklen
Robert O. Blanchette

Marian Latti, Alternate

PLANNING BOARD 1985 ANNUAL REPORT

1985 has been an unusually busy year for the Dublin Planning Board. In addition to handling a large number of request for sub-division and several boundary adjustments, this year marked the first occasion to implement the newly approved site-plan review regulations for non-residential uses.

The following matters were presented to the Board and dealt with as indicated:

Subdivisions:

The Kingdom	Map 5	Lot 64	2 Lots	Approved
Dr. William Glenn	Map 2&3	Lot 6	2 Lots	Approved
Raymond Bernier	Map 8	Lot 12	2 Lots	Approved
Carl Niemela	Map 3	Lot 32	9 Lots	Approved
John R. Niemela	Map 3	Lot 39A	2 Lots	Pending
David Whitney & Norma Whitney	Map 3	Lot 61	3 Lots	Approved
Charles Johnson & Clara Johnson	Map 3	Lot 22	3 Lots	Denied
Eugenia K. Latchis	Map 14	Lot 7A	2 Lots	Discontinued
Frank Woodward & Angelina Woodward	Map 18	Lot 6	2 Lots	Approved
Dr. William Glenn	Map 2	Lot 3	2 Lots	Approved
Norman Lynch	Map 4	Lot 47&48	6 Lots	Pending
Dr. William Glenn	Map 2&3	Lot 3	2 Lots	Approved
Mrs. Noel Landriani	Map 4	Lot 53D	2 Lots	Approved

Boundary Adjustments:

John R. Niemela	Map 3	Lot B&42A	Approved
James R. Bensinger (Robert & Eve Sharkey)	Map 17	Lot 8	Approved
Norman Davis (Christopher Morgan)	Map 21	Lot 47 Lot 33)	Approved
Marjorie Black	Map 7	Lot 67&68	Approved* subject to receiving final plan*

Site Plan Review:

Albert Coutu & Aline Coutu (Honey Lane Farm)	Map 4	Lot 39	Approved
Springwell- Enterprises	Map 7	Lot 57	Discontinued
Beech Hill- Hospital	Map 6	Lot 40	Approved
Federal Post- Office	Map 18	Lot 6	Approved

The foregoing site-plan reviews were fairly involved procedures requiring portions of several Planning Board meetings.

The Beech Hill expansion prompted court action initiated by neighboring property owners and several town officials were sub-poenned to testify. The Post Office matter attracted a lot of attention and a special informational meeting was held October 27 attended by about 80 townspeople.

Early in the year the Planning Board held public hearings for ammendments of the zoning ordinance of the Town. These were voted on and passed at the annual meeting.

The 101 Bypass issue was a continuing matter for consideration. The Board went on record as preferring the B 3 corridor with the Town Line Routes as the second choice.

A subcommittee of the Planning Board, headed by Daniel J. Walsh, is working to update the Master Plan. This is necessary according to State regulations and also to address future needs of Dublin in an orderly fashion.

The Board held informal discussions with a number of townspeople regarding tentative propositions they brought that have not become a formal part of the Planning Board agenda as yet. Also the Board was asked on several occasions to make reccomendations to the Board of Adjustment regarding request for variances and special exceptions. Members of the Planning Board attended several of the Board of Adjustment meetings. There has been discussion about the sequence to be followed in response to applications for building permits that require a variance or special exception and site plan review. It is generally understood that where necessary a variance or special exception must first be obtained before site-plan review is initiated and that the Planning Board should provide a reccomendation to the Board of Adjustment.

We thank the people of Dublin for their cooperation and suggest that everyone contemplating a subdivision, or other development familiarize themselves with the contents of the "Blue Book" of regulations. Copies are obtainable at the Town Hall.

REPORT OF THE SIDEWALK COMMITTEE

In July of 1984 the section of the village-to-beach bicycle path from the intersection of Snow Hill Road and Route 101 to the Dublin Community Club Beach, was completed by Norman Davis.

After considering what could be done in the next section, from Upper Jaffrey Road to Snow Hill Road, it was decided that because of the high ground on the south side of the road at this point, the only practical plan would be to hard-surface the 5 foot wide dirt area outside the State's existing Route 101 paved shoulder. This hard surface would have to be at the same level as Route 101 to allow for water run-off and snow plowing. The State had previously installed a gravel base in that area working on the narrow portion of the road at the former McLellan house.

By the time this decision was made, it was too late to get the job done before cold weather in 1984. Accordingly, in June 1985, after soliciting bids from three contractors, a purchase order was placed with Sullivan Bros. Paving of Greenfield, N.H. for a 650 ft. long, 5 ft. wide asphalt pathway with 3/8" rolled-in stone surface, at a total cost of \$4,180.00. The job was completed in July.

Two standard N.H. State "Bicycle Route" green reflective signs have been obtained recently, and they will be placed at either end of the Lake Rd. to Women's Club Beach section next spring.

As the situation stands now nothing further will be done on this project. The remaining section, from the end of the present sidewalk just west of the Library to Upper Jaffrey Road, is so narrow that there is no room to construct a bicycle path or sidewalk without intruding on the property of the abutters.

Now it is essential, for the safety of all concerned, that the bicycle path which has been provided, though not perfect, be used.

Respectfully submitted,

Edward F. Whitney, Chairman
Elizabeth R. Elder
Steven R. Knapp
Pamela Snitko
C. Mitchell Wenigmann

SOLID WASTE COMMITTEE

In 1985 the Solid Waste Committee completed its successful closure and capping of the landfill and disbanded. Our activities during the year included:

- o Overseeing the completion of the grading and contouring of the impermeable landfill cap.
- o Removal of litter from the periphery of the old landfill.
- o Contracting (A.J. Cameron Co.) for and overseeing the fertilization and hydroseeding of the cap and surrounding areas to establish a vegetative growth to control erosion.
- o Contracting (Cushing & Sons) for and overseeing the drilling of a 60' upgradient monitoring well/peziometer as required by the State.
- o Contracting (Roy R. Weston Co.) for engineering support services and an evaluation report related to the up-gradient monitoring well noted above.
- o Installing necessary access and control signs around the old landfill, as well as the transfer station compactor.
- o Issuing a final post closure report to the State.
- o Coordinating the removal of approximately 1500 tires from the old landfill site which represented an accumulation of several years.

As noted in previous reports, the cap installed over the old landfill site is essentially impermeable and will, if properly maintained by the Town (erosion control, maintenance of contours, and mowing), prevent water infiltration through the covered solid waste material located there. The monitoring well installed in 1985 revealed that the subsurface upgradient deposits are also essentially impermeable and should provide negligible ground water flowage through the solid waste buried there. A detailed technical report outlining the favorable soil conditions was prepared by our engineering consultants and forwarded to the State.

Periodic water quality monitoring by the Health Officer will be required over several years, and pre-capping test results have revealed anticipated trace amounts of toxic chemicals adjacent to and downgradient from, the covered site which are present in most, if not all, landfills. Our expectations are that these trace levels will diminish until their elimination over time as the impermeable cap performs its function of preventing water infiltration through the solid waste mass.

Responsibilities for on going maintenance of the area have been assigned to the Town Road Agent, and it is essential that these new functions be performed in a timely and proper manner so that the integrity of the cap and its performance not be compromised.

In as much the Committee's objectives were met, including establishment of an interim solid waste solution (use of Jaffrey landfill) until a long range regional facility is in place, the Committee was disbanded with the Selectmen's concurrence.

Respectfully submitted,

James Sovik, Chairman
John Elder
Derek VanWyk
Ann Walsh
Dan Walsh

53B EVALUATING COMMITTEE REPORT

RSA 149M requires every New Hampshire city and town to become affiliated with a region to plan for future solid waste disposal. Three years in the planning stage for a Southwest Region Solid Waste Management District culminated in February 1985 in the formation of an RSA 53B Solid Waste Disposal District, adopted by the City of Keene, and by referendum at the 1985 Town Meetings of nine of the Southwest Region's 23 municipalities, namely Chesterfield, Harrisville, Marlborough, Nelson, Roxbury, Surry, Swanzey, Troy and Westmoreland. These communities represent 60% of the region's population.

The remaining towns in the region -- Alstead, Dublin, Fitzwilliam, Gilsum, Hinsdale, Jaffrey, Marlow, New Ipswich, Richmond, Stoddard, Sullivan, Walpole and Winchester chose to postpone joining the newly formed District for a year, and appointed 53B three-member evaluating committees for further study and clarification of the commitments and responsibilities involved, ultimately to recommend action at their 1986 Town meetings.

During the past year, Dublin's Evaluating committee has attended monthly meetings of the District and has met twice with Jaffrey's Selectmen and Evaluating committee members. We now strongly recommend that Dublin join the 53B District for the following reasons:

- 1) A regional solution to solid waste disposal is inevitable, as mandated Statewide.
- 2) The progress towards a Southwest Region solid waste disposal center has reached the point where it is in the best interest of all towns to become affiliated.
- 3) Dublin's landfill has been closed down. Presently our solid waste is being accepted, under contract, by the Jaffrey landfill. But Jaffrey is recommending that their town join the 53B District this year, so the future availability of its landfill is limited.

The 53B District is like an independent corporation, and among its powers are the authority to contract for construction of a regional refuse disposal facility and to assess member municipalities for any District expenses. When a disposal facility is constructed and in operation, the 53B District's governing body, made up of representatives from each member municipality, will serve, in a sense, as a "watchdog", to ensure equitable and efficient management and operation.

The 53B District Articles of Agreement have been closely scrutinized by Town counsel who has advised the Dublin selectmen that "they are well drafted and provide a sound basis for the information of a solid waste disposal district."

Kimball Chase, a civil engineering firm of Portsmouth, N.H. has been hired by the District to advise on solid waste management planning and implementation. A 10 member technical committee has been appointed by the District to work with Kimball

Chase, and includes James Sovik of Dublin and Robert Brandin of Jaffrey. Kimball Chase anticipates the phase of technical planning will be complete by August 1986, at which time the 53B District will be prepared to request a proposal for construction of a waste facility on a site to be determined during this next planning phase.

REPORT OF THE DUBLIN ROUTE 101 BYPASS SUBCOMMITTEE 1985

1984 ended with the resignation of John Clements, Commissioner of the N.H. Department of Public Works and Highways. Since the Supplemental Environmental Impact Statement had not been completed, and since an agreement had been reached with the Federal Advisory Council on Historic Preservation in Washington that a joint Corridor Hearing with the Department would be held before the Department made a decision on a bypass corridor, Commissioner Clements stated that he was unable to advance the decision process. He therefore declined to select a bypass route prior to his leaving the Department on December 31, 1984.

In a letter to the Selectmen of both Dublin and Harrisville, dated November 30, he had affirmed that the Town Line Route was still the Department's "Preferred Alternative", but that if it did not receive support at the Corridor Hearing to be held in the Spring of 1985, the Department would select a route from one of the five other alternatives still under consideration - "No Build", G Modified, F-1N, B-3 or Modified Reconstruction.

On February 7, 1985 Governor Sununu announced the nomination of John P. Chandler, an engineer with thirty years experience in the U.S. Corps of Engineers, as the new Commissioner of the Department of Public Works and Highways. A resident of Hill, N.H., Mr. Chandler was a Plymouth State College faculty member, an advocate of planning and a strong supporter of the work of Regional Planning Associations. His nomination was accepted, and he promised, among other things, to move the Dublin bypass selection process to a conclusion before the end of the year.

By the end of February 1985 it was becoming increasingly obvious that the decision on a corridor was no longer a matter in which Dublin's or Harrisville's wishes would have the major role. Many agencies were deeply involved, from the Keene Chamber of Commerce which wanted an improved Route 101 without specific reference to where the bypass went, to State and Federal agencies such as Federal Highway, Fish and Wild Life, Environmental Protection, N.H. State Historic Preservation Office, and the Federal Advisory Council on Historic Preservation. All of these had definite areas of interest and input in the decision process.

Of them all, the historic preservation agencies appeared to have the most impact, by their stand against the B-3 Corridor because of its intrusion in the so-called Harrisville Rural Historic District. It was becoming apparent that while Dublin's Subcommittee had urged selection of Corridor B-3 because of its feeling that "it does the least harm to the fewest people", the opposition to that route had achieved strong support from historic preservation groups, particularly the N.H. State Historic Preservation Office.

In addition, the bypass controversy had become even more complicated by the opposition's attempt to tie in the Dublin bypass with stoppage of the sewer and street widening project underway in Marlborough and design of a bypass of that town.

The claim was that the two bypasses could be built for the cost of Dublin's alone if the so-called "shortway" route in Dublin was selected. In an attempt to stop the Marlborough project, the No East West Highway Committee had taken the Highway Department to Court. Commissioner Chandler in the meantime, had toured the area by car, and by helicopter with some of those opposed to the B-3 Corridor. Though a strong supporter of the role of Regional Planning Commissions, he urged the Southwest Regional Planning Commission not to get involved since he felt that the Marlborough project was long past the planning stage, and the Dublin bypass selection was proceeding as required by law under the Environmental Impact process. In the Court case, the judge ruled for the Highway Department, and a later appeal was denied.

In May, Commissioner Chandler promised that the Public Hearing on the Supplemental Impact Statement would be held in late June or early July, followed by a thirty day comment period, and that a corridor selection would be made forty-five days after that. To implement this timetable, Mr. Chandler began to allocate a lot of his time to the Dublin bypass problem, speaking at the Keene Chamber of Commerce transportation luncheon on May 22, with Harrisville officials that afternoon, and in Dublin at an open meeting on June 12. At the same time he was deeply involved in the series of meetings held around the State by the Governor's Advisory Commission on Highways, whose charge was to determine, and prioritize, the State's highway needs for the next ten years. At these meetings, the Dublin bypass was a subject of discussion.

On June 21, 1985 the long-awaited Draft Supplemental Environmental Impact Statement was released and the Highway Department announced that its joint Corridor Hearing with the Advisory Council on Historic Preservation would be held in the Peterborough Armory at a two-day meeting on July 31 and August 1. A time period for receipt of comments on the Statement was designed to deal with new information, and new routes considered since the 1982 Corridor Hearing. The new routes were the Modified Reconstruction of the main street, the three schemes A, B, and C in the F-1N Corridor, and Town Line North and South.

The Statement made it quite clear that there was a major disagreement between the conclusions of the Highway Department together with the Federal Highway Administration on the one hand, and the N.H. State Historic Preservation Officer on the other. With respect to the F-1N routes and Modified Reconstruction, the NH-SHPO felt that none of these routes would have an adverse effect on the Dublin Historic Village District or the Lake District. The Department and FHWA strongly disagreed. Conversely, with respect to the Town Line routes the Department/FHWA conclusion was that these routes would not have an adverse effect which could not be mitigated. The NH-SHPO felt that they would have adverse effects on the Harrisville Rural Historic District and severe adverse effects on the Harrisville National Landmark District, for which no satisfactory mitigating measures could be taken. The fundamental disagreement persisted throughout the Corridor Hearing period.

Because of the NH-SHP0's strong stand in favor of the F-1N alternatives, the Subcommittee sent out a flyer in early July, urging all Dublin residents to attend the Corridor Hearing. Comparing the advantages and disadvantages of the four remaining alternatives - Modified Reconstruction, , F-1N, Town Line, and B-3 the Subcommittee again supported B-3, but added that it was willing to compromise on a route combining B-3 with the Town Line North plan. It strongly objected to Reconstruction or any version of the F corridors, any one of which it felt would be ruinous to Dublin village and lake.

By this time there was a general feeling among those in agreement with the Subcommittee's preference for Corridor B-3 that their position should be represented by legal counsel at the coming Corridor Hearing, to be sure that the case for B-3 would be properly presented to the many agencies involved. Accordingly, private funds were raised, and in the third week of July a Concord law firm with extensive experience in environmental and road construction matters was engaged.

Commissioner Chandler held meetings in Harrisville and Dublin on July 24 and 25 to answer questions on the Impact Statement. In his comments, he ruled out "No Build" as not answering the traffic problem, and stated that nothing he had heard to date had indicated that one of the Town Line routes could not serve its intended purpose as a compromise. The Concord law firm, also, advised the Dublin group at this point that its investigations had convinced it that the controversy regarding Corridor B-3 had reached such an impasse between the Highway Department and the N.H. State Historic Preservation Officer, that Dublin while still supporting B-3 should clearly state that it would be willing to accept and support Town Line North as a compromise solution. It felt that unbending support for B-3 might result in a much worse decision for Dublin. It was decided to follow this advise.

Accordingly, at the two day Corridor Hearing of July 31 and August 1, of the many Dublin residents who testified, almost all supported B-3 as their first choice for a variety of reasons, but stated that they could accept the Town Line North corridor. Dublin was reported in the Press as "Willing to Compromise". However, Harrisville residents did not change their opposition to any corridor which touched Harrisville property, and did not consider Town Line North in any way an acceptable compromise. Nearly 150 people spoke during the two-day meeting, and numerous written statements and letters were handed in to be placed on the record, which was held open for thirty days. On August 30 the Subcommittee submitted a detailed statement, examining each alternative in turn, comparing the pluses and minuses of each corridor. Its conclusion was that "After considering all of the options, our Subcommittee returns to our original aim - to select a corridor which, balancing every aspect from traffic to wildlife, from visual to historic damage, does the least harm to the fewest people. There is no doubt in our minds that that corridor is Corridor B-3".

Commissioner Chandler had stated that a decision would be made by November 30. Because of the great importance given to the N.H. State Historic Preservation Officer's testimony the Dublin citizens group engaged the services of Ms. P.L. Weslowski, Preservation Consultant, former Historic Preservation Officer for the State of Massachusetts, Michael Roberts an archaeologist and environmental consultant, as well as a firm of traffic consultants. Experts in their respective fields, these consultants submitted analyses of the various alternatives which reinforced the Subcommittee's contention that the F-1N Corridors would have serious adverse effects on the Dublin Village and Lake Historic Districts, and they suggested mitigating measures which could be taken to reduce any adverse effects in the B-3 Corridor.

In September, Commissioner Chandler had agreed to talk with members of the Beech Hill Summer Home Historic District, and had walked the Town Line Route with representatives of the Dublin School, concerned with the effect of the Town Line route on their various properties, the School's ski tow, woodlot, and ecology resource teaching area. In October he agreed to take part in a similar walk of the Dublin Historic Village and Lake Districts with the Dublin Conservation Commission, in order to see at first hand the effects of the F-1N routes. Members of the Commission stressed the traffic movement problems from the village to the west in all the F-1N schemes, and pointed out that Dublin lake, spring-fed, was uniquely vulnerable to pollution, compared to other lakes in the region.

On November 26, 1985, at a press conference in Concord, Commissioner Chandler announced his decision for the Dublin bypass, selecting Town Line North. He said "After careful analysis and comparison I have concluded that the Town Line North Corridor would result in the least total harm, and further that that harm in all probability can be mitigated." In a question period after the announcement, he said that Corridor B-3 was attractive because of its minimum impact on people living in their homes, but that the strong opposition by the N.H. State Historic Preservation Office, and Fish and Wildlife, made the possible selection of B-3 too questionable a choice.

A week after announcing his decision, Mr. Chandler resigned from the Department blaming opposition from the state's construction industry to his possible appointment to allow the new position of Director of Transportation. He was replaced by Mr. Wallace E. Stickney, environmental aide to Governor Sununu.

Mr. Stickney warned that the bypass decision, which he fully supports, is the "end of the beginning, rather than the beginning of the end", and that there is much left to be done before construction starts. We are told that, first, the State must prepare a Final Environmental Impact Statement. This should take about four to six months. This Statement will go to Washington for review and comment by various official agencies; then the Federal Highway Administration will make a final recommendation for the bypass corridor. This part of the process should take about a year. A Memorandum of Agreement must be

developed with the historic preservation agencies, and this will further extend the time for completion of the process, resulting in a total period of time from December 1985 of perhaps three years, provided lawsuits do not delay it further.

The State will start now on the final design and road layout, and about a year after the Final Environmental Impact Statement has been approved the design phase should be about 50% complete. At that time, hearings will be arranged by the Governor's Council, which has the authority to approve, or disapprove, the project as a whole, or to send it back to the Department for more work. The State's portion of the funds allocated to the bypass project must be voted by the Legislature before work can begin.

Before he resigned, Mr. Chandler estimated that actual work on a bypass could begin as early as 1991, with completion by 1994. Whether this is an optimistic view remains to be seen. Already spokesmen for the Harrisville Bypass Committee have been quoted in the Press as saying that they will fight the decision with every legal means. Also, residents of the Beech Hill Summer Historic District have started to organize a committee, with legal representation by a Boston law firm, to try to overturn the Town Line North selection.

So, 1985 saw completion of the first official step in the Dublin bypass corridor selection, but it appears that we still have a long way to go before the bypass controversy will be settled, once and for all.

Respectfully submitted,

Edward F. Whitney, Chairman
Paul F. Biklen
Judson D. Hale
Gordon R. Knight

CONSERVATION COMMISSION ANNUAL REPORT - 1985

1985 was a year in which the entire Monadnock region felt increasing pressure of population growth and land development. The Conservation Commission has, as a result, felt an increased responsibility to the Town of Dublin. The Commission was established for "the proper utilization and protection of the natural resources and for the protection of watershed resources" of Dublin. We are charged with identifying open space, and bringing these resources to the attention of the town "for the protection, development or better utilization of all such areas".

With these duties in mind, the Commission in 1985 prepared a map from the composite tax maps of the town on which we outlined areas already developed, planned developments, and protected areas. We are working from this map to identify those areas in the greatest need of protection. In August, the Commission sponsored an Open Meeting for Land Use Planning which was attended by about 80 landowners. The map was used to show development trends, and Catherine Hahn of the Monadnock Land Stewardship program spoke on the various means of protection available to landowners. A questionnaire sent out in conjunction with this meeting produced 103 responses which were analysed and reported in a second newsletter sent out in November.

Following the August meeting, members of the Commission were asked to speak at two "block parties", meetings set up by landowners to discuss problems in specific areas of the town.

In April, the Commission sponsored a bus tour of the town, especially for elected and appointed town officials. The bus was provided and driven by Joe Wakeman, and Mike Walker described areas about which we are particularly concerned. The Commission hopes to repeat this tour in the future.

The annual Clean-Up Day in May was, as usual, a great success. Posters made by students at the Dublin Elementary School were judged, and prizes were awarded. Many volunteers donated their time and their vehicles; countless bags of roadside trash were collected and disposed of; countless hotdogs were also disposed of by hungry workers; and the roads of Dublin looked much neater.

In June, the Commission sponsored a Dublin student, Brian Murray, at the Forest Society's Youth Conservation Camp. We hope to continue this educational program for one or two students each year, and welcome applications.

During 1985, the Commission also:

- reviewed all building permits, conducting site inspections in conjunction with Planning Board and the Board of Adjustment where necessary, giving our special attention to wetlands and steep slopes.
- reviewed all fill and dredge permits
- monitored water quality in Dublin Lake, Mud Pond, and Stone Pond, working with the Dublin Garden Club and the N.H. Water Supply and Pollution Control Commission;

- enforced the clean-up of two illegal private dumps;
- monitored conservation easements donated to the town;
- inspected an area at the Town Barn where vandals had pumped 500 gallons of diesel fuel onto the ground, called the N.H. Water Supply and Pollution Control Comm. and met with them to plan clean-up;
- submitted three letters to State officials outlining our reasons for opposing any corridor for the new Route 101 which would run within the Dublin Lake watershed, and conducted a meeting with Commissioner Chandler to walk over the endangered area;
- attended many meetings at the local, county and state level on conservation issues;

Several members of the Commission are currently active on subcommittees of the Master Plan Review Committee.

In 1985 four members left the Commission: Bill Boozer, Marnie Bean, Mary Clark, and Julie Kisluk. It has been a pleasure to work with them, and the town owes them a great debt of gratitude for their years of service.

The meetings of the Commission, on the 2nd and 4th Tuesdays of the month, are open and all Dubliners are welcome to attend and discuss their conservation concerns with us.

DUBLIN PUBLIC LIBRARY

The American Library Association has stated "that people in a learning society need libraries throughout their lives and that public support of libraries is an investment in people and communities". Our small community does support its library.

We purchased 291 new books; 92 fiction, 122 non fiction, 77 juvenile books. We subscribed to 33 periodicals. Generous patrons gave us paperbacks and hardcover titles.

We bought a two drawer filing cabinet with lock and key for our expanding local history and picture collection, a good used five drawer map file. We had a desk built for the computer and new printer. A significant addition is the new display periodical shelving with ample room for storage.

The Gowing room was painted. An architect has been consulted about the lower level door.

The copier was used extensively for the summer reading program, making copies of materials for all the children using the Reading Rainbow program. We thank Dee Fontaine, a director of Playground and her staff, and Pat McKenna for serving as our photographer. Movies and the library party rounded out the program.

Our circulation for the year; 2188 fiction, 196 paperbacks, 2321 non fiction, 1996 juvenile, a total of 6701 books. Non fiction is up! The use by patrons within the library is growing. Reference work, magazine browsing, local history, the use of popular copier.

The trustees have made application to become a part of the STATEWIDE LIBRARY DEVELOPMENT SYSTEM stating our library's intention of meeting associate level standards. The benefits are numerous: Library Service and Construction grants, consultant, van delivery, film and catalog services. One requirement we must meet by 1988, five more hours open to the public weekly, based on our population.

The trustees have voted to hold trustees meetings on the second Tuesday of every other month at 7 o'clock in the evening in the Gowing room. Dates for 1986: February 11, April 8, June 10, August 12, October 17, and December 9. The public is invited to attend.

We thank the following people for their gifts: Hildreth Allison, William Bauhan, Mrs. James Bensinger, Mrs. Henry Campbell, Cheshire County and Dublin Extension Services, Mrs. Kenneth Clukay, Andrew Elder, Mrs. David Elder, Mrs. John Elder, Mr. and Mrs. Allan Edelkind, Mrs. Mabel Else, Mrs. Ruth French, Mrs. Forstein and her 3rd and 4th grades, Mrs. Richard Hammond, Mrs. Dorothy Currier, Douglas Harris, Mrs. Jane Hawkins, Mrs. Peter Hewitt, Mrs. Richard Heckman, Mrs. Gerald Lawler, Mrs. Camille Marvin, Milton McIntyre, Mr. and Mrs. Julien McKee, Ms. Jane Proulx, Mrs. Mark Peterson, Albert Rajaniemi, Mrs. Douglas Shattuck, Mrs. Clarissa Silitch, Mrs. Robert Steinert, Mr. and Mrs. Boyd Britton, Mr. and Mrs. James Sovik, Mr. and Mrs. Rob Trowbridge, Mr. and Mrs.

Frederick von Stade, Mr. and Mrs. Daniel Walsh, Albert Wolfe, Michael Worcester, YANKEE INC. AND MOUNTAIN MESSENGER.

Is the heating system efficient? It heats well but is using more oil each year. We need parking space. There is a need for an addition to the library. I visualize a children's room west of the reading room.

I thank the library staff, the trustees, friends of the library, for their caring, their concern, dedication, sharing and support.

Respectfully submitted

Dorothy Worcester, Librarian

TOWN OF DUBLIN PLAYGROUND

The Playground registered 95 children from the ages of 5 to 15 living in Dublin during the summer of 1985. The two age groups that had the most participation were ages 5 and 11 with 13 each signed up in them. Eight of these children were not year round residents of the Town. Besides children in the regular day to day program, siblings, adults and summer guest participated in special activities such as: Monday Night Movies, Library Movies, Library Party, The Friendly Farm, The Dog Show, Andy's Skit, Cake Decorating Demonstration, Canobie Lake Park, Computer Classes, Andy's Workshop and the Family Picnic.

A big addition to the Playground's program was the Family Picnic held midway. Soccer, scooter races and the big ball were a hit among the more than 100 participants. The deserts and salads provided by everyone were yummy. This is one event that will be repeated next year.

Job sharing was tried for the first year with Bill Ray of Peterborough and Colin Kipka of Dublin. Both were very qualified for the job but neither person was going to be available for the entire time. Ted MacVeagh was instrumental in making the transition from one person smooth.

Special awards handed out on field day went to Richard Congdon for placing first in the Dublin Road Race for the second year in a row. Bryan Begley earned 4 blobs in the Mini Races for the second year in a row. Perfect attendance went to Meg Fontaine, Nicholas Fox, Sarah and Travis McKenna and Heather Patton. The children presented Mr. & Mrs. Glen Scribner with a Dublin Playground T-Shirt in appreciation for all they have done.

I want to thank the following people for their help this summer; Clarence Babneau, Conval Library, Dublin Community Church, Dublin Town Library, First National Bank of Peterborough, Doris Haddock, Colin Kipka, Pat McKenna, Kristen Opdyke, Mr. & Mrs. Glen Scribner, Dan Walsh, Mike Worcester, Yankee Bulletin Board, Mr. & Mrs. Brian Barden, Sally Collier, Dublin Community Foundation, Dublin Women's Auxiliaty, Emmanuel Church, Stephen Fontaine, Jane Hawkins, Jill Lawler, Mountain Messenger, Peterborough Transcript, Rob Taylor, Bob Warpula, Mrs. Millard Worcester, Carr's Store, Anita Crowell, Dublin Highway Dept., Bethany Edwards, Char Forsten, Valerie Holden, Ted MacVeagh, Monadnock Ledger, Bill Ray, Wendy Wakeman, Rosamond Whitcomb, and Worcester's Garage.

Respectfully submitted,

Dee Fontaine

DUBLIN POLICE DEPARTMENT

CHIEF: Robert N. McLean
OFFICER: Gary W. Carpenter
SPECIAL OFFICERS: H.A. Anderson
Arthur S. Whipple

SCHOOL CROSSING GUARD: Glenna S. Eaves

Telephone 563-8411

Emergency 352-1100

I, and the staff of your Police Department are pleased to report on what we feel has been a successful year.

Perhaps of most significance is the fact that there were no traffic fatalities in Dublin during 1985, compared to 4 traffic deaths during 1984.

We did investigate 65 motor vehicle accidents, in which a total of 20 persons required medical attention. These numbers, we feel, are low in comparison to the high volume of traffic on Route 101.

Still, in spite of increased public awareness, and extensive publicity, our DWI arrests are still rising at an alarming rate; 28 drivers were charged with operating under the influence of alcohol, an increase of 48% over 1984.

Other crimes continued their downward trend; we feel this is a continuing benefit of our increased patrol activity. There is a startling increase in assaults on police officers, usually by persons under the influence of drugs or alcohol.

Hundreds and Hundreds of persons were summoned to Jaffrey District Court for motor vehicle violations and misdemeanors, in addition to the apprehension of several fugitives and felons.

A review of the foregoing statistics reveals what we feel are the tangible benefits of our consistent patrol activity; less overall crime, especially burglaries and vandalism, and the drop in motor vehicle injuries and deaths.

The cooperation of our neighboring police and fire departments has done much to make our job easier, as has the trust and confidence placed in us by the selectmen and residents of Dublin.

I, as well as my staff, wish to thank all of those who have assisted us in so many ways. As in the past, we are proud to have the opportunity of serving our community.

Respectfully submitted,

Robert N. McLean, Chief

HIGHWAY DEPARTMENT

The activities of the Highway Department have included through-out the year, the usual tasks of plowing, sanding, grading and ditching, patching, cleaning culverts and pulling beaver dams.

Cobb Meadow Road and the Old Harrisville Road were oiled.

Plans to reconstruct the Slade Pond bridge were deferred at the request of the Selectmen and the Conservation Commission.

The Charcoal Road project consisted of placing under drains on both sides of the road, as well as culverts where needed. Large stone was used around the bridge and ledge in the ditches to keep the water from washing the road.

I would like to take this opportunity to thank all of those who have supported me and the department during my years as Highway Agent.

Respectfully submitted,

Clarence Babneau
Highway Agent

REPORT OF THE DUBLIN CEMETERY

1985 finally brought a victory for Dublin and the cemetery. Two by-pass decision could have greatly harmed our beautiful cemetery and now we can go ahead with the expansion plans for 46 new lots and Carriage Lane.

We plan to extend the running water to Carriage Lane which will help to establish this new development.

This spring we are spending over one thousand dollars on cracked and badly leaning tomb stones.

Two white gates need repair and all seven gates painted.

See you this spring.

Gravely Submitted,

Charles S.B. Pillsbury
Superintendent of Dublin
Cemetery

DUBLIN FIRE DEPARTMENT 1985

1985 was a very busy year for the fire department. We did not have any major fires in Dublin during the year but did encounter several nasty blazes in Peterborough and Jaffrey. The medical part of the Fire Dept. was also busy but our work is in preperation and training, so that we are ready to help with any emergency at any time. During the summer, a Dublin resident, wishing to remain anonymous, donated the funds for us to purchase an "Air Bag" lifting system. This consists of several ("welcome mat") sized rubber plates that are inflatable with compressed air. The pair of mats will lift about 50 tons which is handy in certain rescue work with people trapped under cars or fallen trees. A small rescue boat, especially designed for "thin ice", is now in the work with other funds donated for equipment. A special thank you to those responsible.

The building expansion ran a little short due to fire escape regulations which changed the design of the east end considerably. This was very dissappointing but the project will go out to bid again in early 1986.

Repairs are now complete on 1964 International - it looks like new again. I wish I could say the same for the state owned 1953 tanker! The years are showing on this unit and it must be replaced soon.

The fire hydrants have been flushed and tested several times this year. All fire equipment has received regular maintenance and is in good shape except as noted above. (Tanker)

Fire alarms and false alarms are a problem. A good alarm is a good life saving choice but a poor one or one treated improperly is an expensive pain for the Fire Dept. I have spent many hours during 1985 to straighten out the problems. Well, better luck with 1986.

I would like to thank the firemen, all other town departments and the Board of Selectmen for their support.

Respectfully submitted,

Michael Worcester, Chief

REPORT OF DIRECTOR OF CIVIL DEFENSE

1985 has been a quiet year for the Civil Defense Department.

Hurricane Gloria had the potential of being a very dangerous storm, but we were lucky the storm lost its power and Dublin received very minor damage. As a result of the winds from Gloria, part of the town was without electricity for 26 hours. A few trees blew down across roads but we quickly cleaned up and there were no major tie ups on town roads.

This year we have tested our radiological equipment and everything is working properly.

I attended a seminar in Keene this fall about hazardous material.

The resource paper for the Town of Dublin is being updated and will be on file at the New Hampshire Civil Defense Office in Concord, New Hampshire.

Respectfully submitted,

Brian Barden

REPORT of the Health Officer

The year 1985 saw a marked increase in requests to witness percolation tests: for sub-division, new construction and replacement septic systems. During the year there were a total of 56 such requests and tests made. In addition several sites were visited at the request of home owners to review and discuss septic problems.

As a follow-up on Stone Pond, tests were made by the Water Supply & Pollution Control Commission with no indication of pollution by septic effluent. At the same time water samples were taken at several places around Mud Pond, Stone Pond, Mud Pond as well as Dublin Lake will continue to be monitored in conjunction with the WS & PCC.

Other activities included:

Meetings in Concord - both on seminars of general interest and specific citizen concerns.

Site reviews to provide inputs to other Town Boards - Adjustment, Planning and Conservation.

Complaints of citizens regarding health, septic or environmental concerns.

Facilities review and approval.

Review of Building Permit Applications.

Respectfully submitted,

Pierce Hollingsworth
Health Officer

REPORT OF THE SITE INSPECTOR

In 1985, the number of new buildings have increased and the number of additions have decreased.

I would like to remind everyone that a building permit is required for construction over \$1,000.00 in value. All new homes are required, by State Law, to have smoke detectors installed.

The permits issued in 1985 are as follows:

22 new homes	\$1,863,000.00
5 barns	\$ 33,300.00
2 garages	\$ 30,000.00
12 additions	\$2,746,000.00

Respectfully submitted,

Brian Barden

CONVAL SCHOOL DISTRICT REPORT

This is my last year as the Dublin Representative to the Conval School Board. I have enjoyed serving on the Board for the past six years. During this time I have watched this District become more responsive to student needs at all levels. Conval is one of the best School Districts in New Hampshire, and we should all be proud of it. We must all work to keep it that way.

This year the Dublin Consolidated School has four teachers again after having had only three for several years. Two of these four teachers are new, Wendy Young and Janet Toko. Wendy had previously taught for seven years in Hancock and Janet had taught for several years in New Ipswich. We are fortunate to have these two good experienced teachers. The grades are divided into a single first grade with Ginny Firda, a second-third grade combination with Wendy Young, a fourth-fifth grade combination with Janet Toko, and a sixth grade with Char Forsten who is also our teaching principal. As of next year, the Special Needs room will no longer be in Dublin leaving needed space for our own students.

The major repair work at the School this past year was replacing the gym ceiling. This job is not yet completed but will be finished during one of the vacation blocks. An area behind the school was blacktopped and other small jobs were done.

Charley Hedzel, the Coordinator of Instruction, has been with us for a full year now and his job is showing excellent results in maintaining standard curriculum throughout the District and furnishing communication between the various units.

The PMS study is well under way and a recommendation for that facility is forthcoming. This study includes a study of the needs of the entire District. We are growing and the forecast is that we will continue to grow. Some of our small schools are becoming crowded and the High School is now at 102% of capacity. Whatever recommendation is given for PMS must take into account all of these problems.

Thank you for your support over the past six years.

Story Wright

REPORT OF THE TOWN CLERK

DUBLIN, N. H.

YEAR ENDING DECEMBER 31, 1985

TOWN OF DUBLIN
DUBLIN, NEW HAMPSHIRE 03444
ORIGINAL WARRANT
RESIDENT TAX LEVY
THE STATE OF NEW HAMPSHIRE

CHESHIRE COUNTYSS

To Anita J. Crowell, Collector of Taxes for the Town of Dublin
in said County.

In the name of said State you are hereby directed to
collect on or before December first, next following, from the
several persons named in the list herewith committed to you,
the Resident Taxes in said list set against their names
respectively, amounting in all to the total sum of Nine Thousand
Five Hundred Dollars and 00/100--(\$9,500.00) and on or before
the tenth day of the month following that in which collected, or
oftener, pay the same over to the Treasurer as the same are
collected.

And you are further directed to add to and collect with all
Resident Taxes not paid in full on or before December first,
next a penalty of one dollar (\$1.00) as incident thereto.

Attached is a correct list of all the Resident Taxes
assessed by us on the first day of April, 1985 against the
persons named.

Given under our hands and seal at Dublin, New Hampshire,
this 31st day of May in the year 1985.
